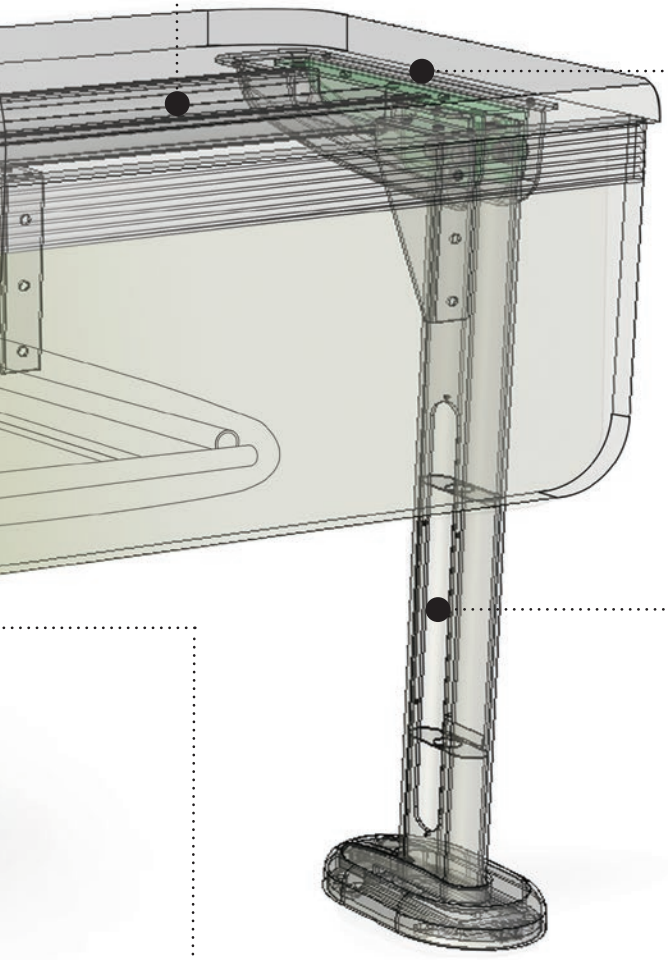
Wire Management

Under mounted raceway and covers are designed to keep cables out of view and protect them from external tampering, while complementing the M Series design.



Adjustable Support Brackets

Height and pitch adjustability eliminates the need for shims on uneven floors, delivering level work surfaces on every installation.

Power Support Pedestal

Removable panel allows access for power connections. The raised foot plate accommodates minor variations of stub-up locations, minimizing pedestal or power relocation.

Auto-Return Cylinder

Rotating cylinder returns the chair square with the table and provides height adjustability, automatically restoring chair to original orientation when unoccupied.
