M60 Nurses Station

Sedia Systems design-driven products provide the ultimate fixed seating solutions for healthcare environments. Originally designed for lecture halls and training rooms, the M60 Swing Away's versatile design has been successfully adapted for nurse's stations. Swing away seating not only enhances the overall design, it also eliminates the need for loose chairs in corridors. Since there are no chair bases to contend with, cleaning is much more efficient.

Highlighting Design

Seat Styles

Numerous seat options are available to meet the needs of any nurses station.

Auto-Return Cylinder

Rotating cylinder returns chair square with table and provides height adjustability, automatically restoring chair to original orientation when unoccupied.

Foot Cover

Rigid plastic covers conceal unsightly floor anchors enhancing system aesthetics.

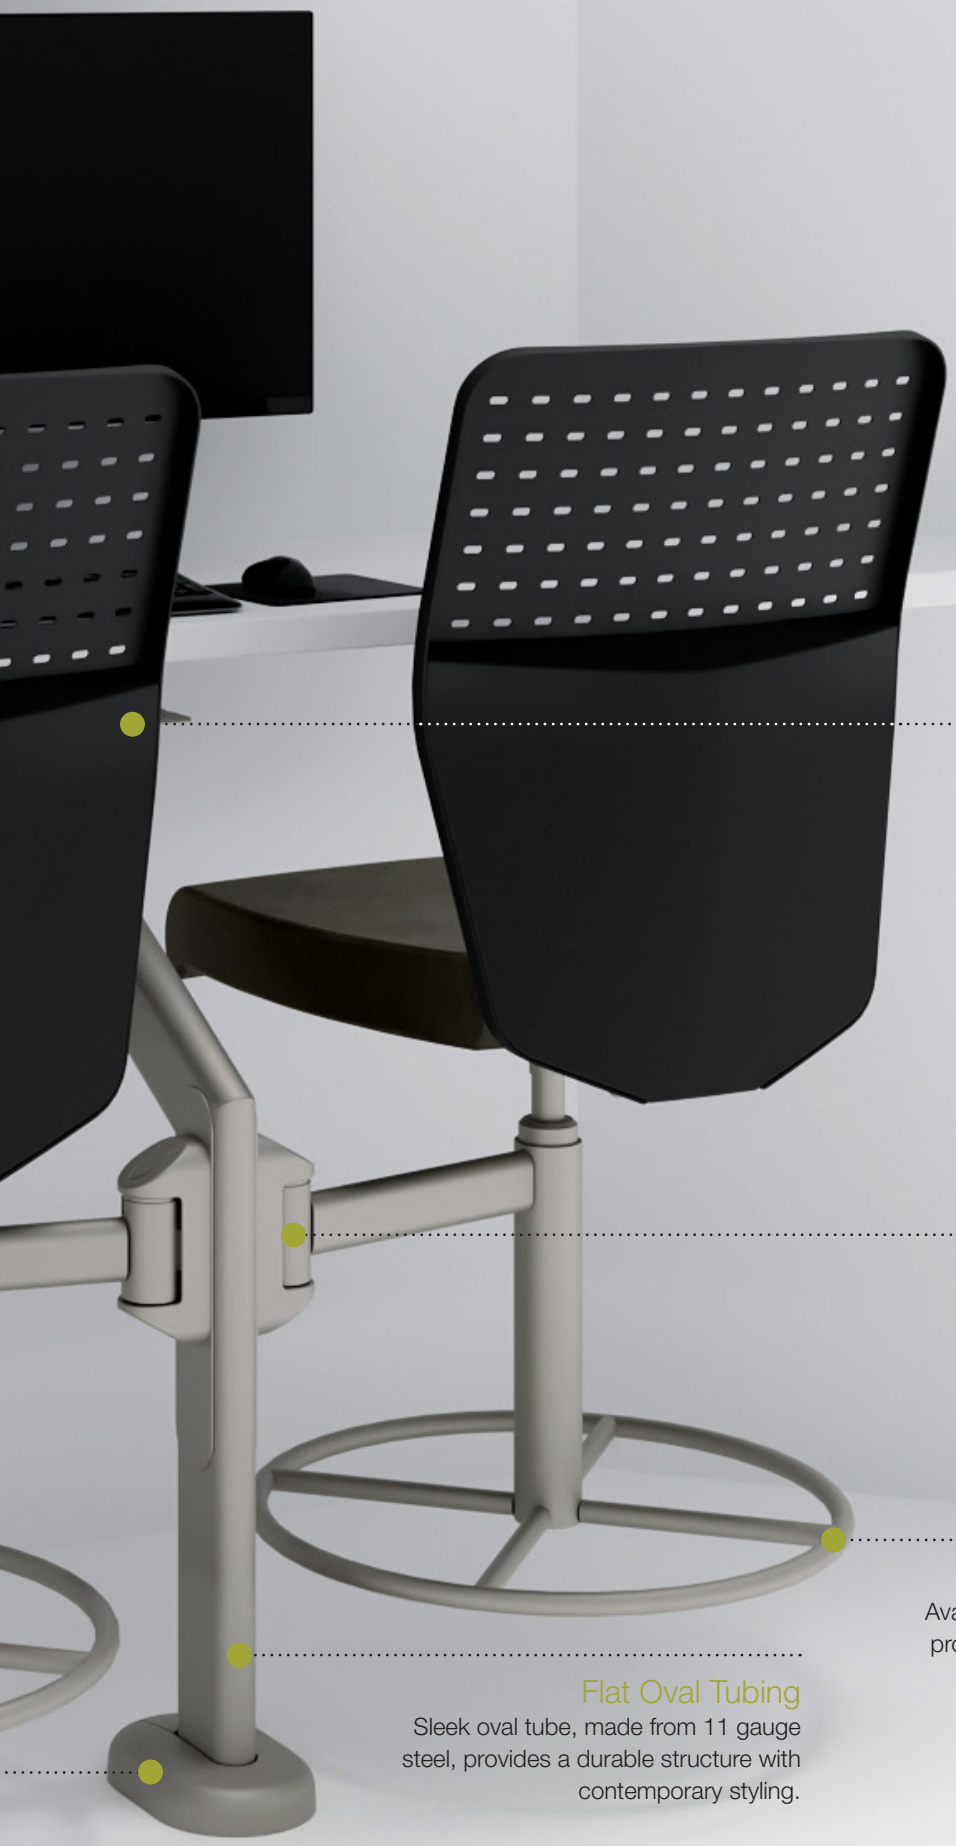
INTERTEK SUSTAINABILITY CERTIFIED CLEAN AIR GOLD



Adjustable Support Brackets

Height and pitch adjustability eliminates the need for shims on uneven floors, delivering level work surfaces on every installation.

Torsion Spring

Arm mechanism components deliver consistent seat return position.

Foot Ring

Available with table heights over 32” to provide a solid surface for resting feet.

Flat Oval Tubing

Sleek oval tube, made from 11 gauge steel, provides a durable structure with contemporary styling.

Elevating Healthcare Spaces

In a busy hospital setting, space is valuable and having loose chairs scattered around can create potential hazards and impede the flow of traffic. The M60 Nurses Station's compact design allows for more space to maneuver and keeps corridors free of clutter.

M60 Nurses Station + Tecton Chair

Options

Create the ideal nurses station by selecting from a wide range of seating styles. Whether opting for the timeless appeal of the Tecton chair or the ergonomic excellence of the Humanscale® series, the M60 Nurses Station provides both versatility and comfort. Enhance the nurses station further by choosing from seven pedestal paint colors that seamlessly complement any healthcare setting.
