sediasystems + Humanscale

A collaboration that helps visionaries redraw the limits of space.

Sedia Systems redefined what fixed seating could be. Humanscale redefined how comfort should feel. Together, we give designers a full range of possibilities—from systems that maximize capacity to solutions that elevate ergonomics and craft. The result: environments that are efficient and inspiring, beautiful and enduring.

Structure with space to adapt.

The M40 balances fixed order with subtle flexibility. Multiple seat styles and auto-return functionality make it ideal for settings that demand focus—whether jury boxes, lecture halls or training rooms.

The M Series' innovative design pairs perfectly with award-winning Humanscale chairs.
