sediasystems + Humanscale

A collaboration that helps visionaries redraw the limits of space.

Sedia Systems redefined what fixed seating could be. Humanscale redefined how comfort should feel. Together, we give designers a full range of possibilities—from systems that maximize capacity to solutions that elevate ergonomics and craft. The result: environments that are efficient and inspiring, beautiful and enduring.

M60

Nurses Station

M60

Nurses Station

Clearer spaces for better care.

Adapted for healthcare, the M60 Swing Away keeps nurse stations organized and corridors open. Swing away seating simplifies cleaning and supports the uninterrupted flow of people and care.

The M Series' innovative design pairs perfectly with award-winning Humanscale chairs.
