X Series Table

sediasystems

X Series

The X Series table line is designed to integrate seamlessly with our fixed seating solutions. Featuring a contemporary flat oval tube, the X20 Table will complement the aesthetics of any fixed lecture hall or training room. The X30 Table features a square tube and T-leg and is available in ratchet, crank or electric adjustable options. Choose from a wide variety of powder coat colors and edge finishes to create a learning environment that differentiates.

Options

- T or C Leg Base
