

CASE STUDY

JumpSeat Wall + Custom Magazine Rack  
Tempe, Arizona

# Lydian Dental

# Project Overview

Lydian Dental in Tempe, Arizona is reinventing the way people experience a trip to the dentist. They recently moved into a new space and wanted to incorporate the JumpSeat Wall as extra seating in their patient areas. In addition to the seating, they needed a place for magazines and headphones. Sedia Systems created a custom, fixed magazine rack to match the JumpSeat Wall. Rapt Studio incorporated the space-saving design of the JumpSeat Wall and Magazine Rack to create a welcoming environment for Lydian Dental's employees and patients.
