

# M50 Fixed Table

## Product Environmental Data

### PRODUCT INFORMATION

Series: M50 Fixed Table

Model: M50

Description: M50 with Laminate Tabletop

Features: Oval Support Tube, Foot Cover, Laminate Top

Certifications:

### MATERIAL CHEMISTRY

As a leading manufacturer of lecture hall and auditorium furnishings, Sedia Systems strives for sustainability and environmental stewardship. We offer numerous options to integrate recycled materials and renewable resources into our products and packaging.

We continually work towards the reduction of hazardous chemical associated with parts and materials we source. These include, among others, PVC, benzidine dyes, hexavalent chromium, certain hazardous phthalates, PBDE, flame retardants, and those chemicals known to contribute towards ozone depletion.

As part of our mission, Sedia Systems is always looking for more and better ways to limit our product's impact on the environment. Sedia Systems strives to find environmentally friendly components and options.

### MATERIAL CONTENT

Material	Product		Recycled Content by Weight				Recyclable (%)
	LBS	%	Pre-Consumer		Post-Consumer		
			LBS	%	LBS	%	
Metal	11.1	30%	1.6	4%	7.7	21%	30%
Wood	25.6	68%	23.0	62%			
Plastic	0.6	2%					2%
<b>TOTAL</b>	<b>37.3</b>	<b>100%</b>	<b>5.5</b>	<b>66%</b>	<b>7.7</b>	<b>21%</b>	<b>32%</b>

## I BUILDING STANDARDS

In support of building standards such as Leadership in Energy and Environmental Design, LEED® v4 and WELL Building Standard® v2:

### **Low Emitting Materials**

Most Sedia Systems products comply with ANSI/BIFMA e3-2019e, Sections 7.6.1, 7.6.2 and 7.6.3 demonstrated via Intertek Clean Air certification program found on [sustainabilitydirectory.intertek.com](http://sustainabilitydirectory.intertek.com).

### **Responsible Sourcing of Raw Materials**

Most Sedia Systems wood products are available as FSC® Mix.

### **Regional Materials**

Sedia Systems products are manufactured in High Point, NC.
