**UPHOLSTERY FABRIC**

100% Marquésa Lana*

*Covered by a Limited Lifetime performance warranty.
Sherpa & Shire  Marquésa Lana polyolefin is an environmentally friendly product that entails a mode of manufacturing that not only prevents damage to the environment, but actually reduces the carbon footprint by utilizing waste products from gasoline manufacturing. It is a byproduct of post-industrial waste and its manufacture produces no waste product.

In our continuing efforts to provide you with the best service and quickest delivery, our most in-demand Sherpa and Shire colors are now in our Warp Speed® In Stock program.
Its built in resistance to staining and wear eliminates the need for after market stain resistant finishes. It is recyclable and is unique in its utilization of conservation methods from inception to disposal.

We have carefully analyzed the popularity of the colors, and the resultant winners are represented here and are all available for immediate shipment. Only the items below the line are in the Warp Speed® Program.
