INTERWEAVE®

Specifications

CONTENT	100% Polyolefin
WEIGHT	18.0 ± 0.5 oz per Linear Yard
WIDTH	54 inches
ABRASION	ASTM-D-4157 250,000 + DR
LIGHTFASTNESS	AATCC-16E 400 Hours, Class 5
STRENGTH RETENTION	ASTM D 5034 400 Hours, Xenon Arc. Exceeds 50% strength retemtion

COLORFASTNESS	AATCC-8 Wet – Class 4.5 Dry – Class 5
FLAMMABILITY	Cal 117-2013
CLEANING CODE	WS – water based cleaning agents
PATTERN DIRECTION	Non-Directional
FINISH	Imperviseal
BACKING	Acrylic

Interweave® is covered by a 10-year limited performance warranty for contract applications and a 2-year limited warranty for transportation

SUGGESTED APPLICATIONS

- **OFFICE**
- **HEALTHCARE**
- **HOSPITALITY**
- **SCHOOL**
- **WORSHIP**
- **THEATRE**

Tahoe's commitment to environmental responsibility is reflected by our beautiful, sustainable fabrics and efficient technical processes. The relationship between our manufacturing facility, the community and nature insure that we leave as little waste as possible for present and future generations. We strive to protect our environment and wildlife for future generations to enjoy. One hundred percent of our raw materials and loom waste are recyclable, which leaves very little waste in our manufacturing process. Tahoe uses only U.S. manufactured polyester, olefin and cotton yarns which result in our "no waste" products. Along with our yarns, our chemicals and latex are all environmentally safe. Our goal is to concentrate more on weave structures which can lessen the need for chemical treatments.
